BEFORE THEY WERE FAMOUS

Look what we uncovered in the *Nuts* very sexy picture file!

It's pretty well documented that we here at *Nuts* like celebrity ladies. To be honest, we like ladies full-stop, but we particularly love celebrity ladies because a) they're usually very attractive and b) they have a very pleasing tendency to have made naughty films, TV appearances or photo shoots early in their career. In fact, it's practically a given nowadays that celeb babes had to have had an instance or two of early-career nudity to look back on – and you can always count on *Nuts* to know where to find them all! So kick back and enjoy this stroll down Celebrity Babe Early Career Rudeness Lane...

Jordan

Her boobs have changed several times since these pics but even here, it's easy to spot the quality that made her a glamour legend.

Robinson Crusoe's sex-change op had gone really well

HER FIRST PHOTO SHOOT!

Michelle Marsh

We're not sure about the hat but we like the rest. Just look at her—she was gorgeous even back then!

The Artful Dodger thought she looked great in his hat

Eva Green

Bond babe Eva revealed a fine pair of French onions in the drama *The Dreamers* in 2003. No wonder 007 wanted to naughty her up.

"How come you're all dressed? Wait, this isn't an orgy?"

Heather Graham

Heather's role in *Boogie Nights* ten years ago could just be one of the rudest breakthrough roles ever.

BEFORE THEY WERE FAMOUS

Alyssa Milano

Unveiled her chesticles in *Embrace Of The Vampire* (1994), which sounds like it might be interesting.

"Oops, wet paint"

She was determined to take more meaningful roles after *American Pie*

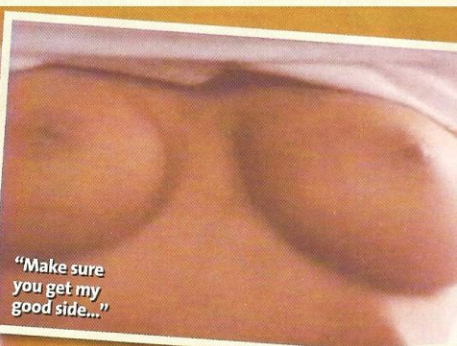

Tara Reid

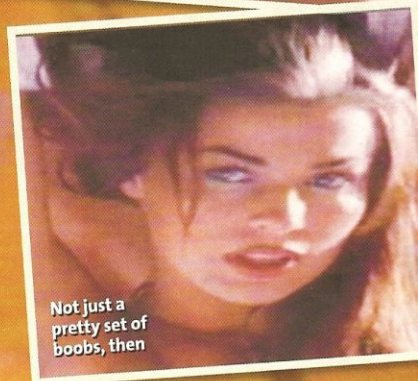

Took her first topless bow in *Body Shots* in 1999 and has had great difficulty keeping her boobs covered up on film and in public ever since.

"Is this the best you can do? I asked you to fill this sperm-sample jar"

"Make sure you get my good side..."

Not just a pretty set of boobs, then

Carmen Electra

Carmen took a topless bow in *The Chosen One* in 1998, and got a pint of milk involved in a very sexy way.

Legally Blonde 3 made up for the first two rubbish efforts

Reese Witherspoon

An early film role for lovely Reese was called *Twilight* (1998). It wasn't filmed in twilight so we all got to enjoy her majestic boobs!

She'd lost 20p down the back of the couch

Penélope Cruz

Showed up in a film called *Jamon, Jamon* in 1992, which we think translates as "Ham, Ham".

HER FIRST PHOTO SHOOT!

Kelly Brook

We don't know why she's wearing a bowler hat, but we know that she's just about Britain's hottest babe.

She had literally bloomed into a lovely woman

BEFORE THEY WERE FAMOUS

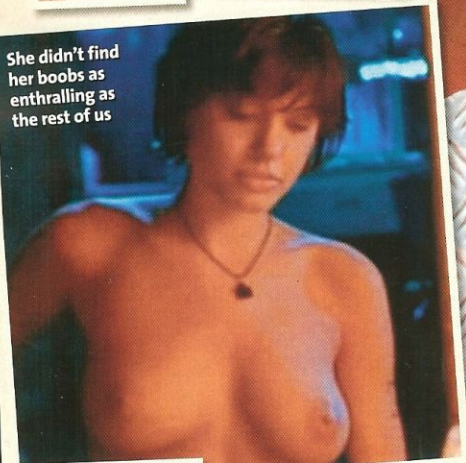

"Want to buy
a watch?"

Naomi Watts

The blonde Aussie babe is widely regarded as a fine actress, and with performances like this, in 1993's *Gross Misconduct*, we can easily see why.

She didn't find
her boobs as
enthalling as
the rest of us

Angelina Jolie

Has a topless appearance record that puts any actress to shame but this was her first, in *Foxfire* in 1996.

HER FIRST SEND-IN PIC!

HER FIRST PHOTO SHOOT!

Sophie Howard

One of the sexiest ladies to ever grace our pages, and judging by these pictures, it's not hard to see why.

She had the
luckiest pair
of hands ever

"I appear to be stuck to this random pole!"

Lucy Liu

Rocked up in a thriller called *Flypaper* in 1997 showing off some fine moves as an exotic dancer. Even back then, she was a class apart.

Uma Thurman

Uma's early roles rarely involved much in the way of clothing—here she is in *Dangerous Liaisons* in 1998!

"Peter Crouch! How did you get in here?"

Rachel Hunter

Showed up very topless, and apparently rather enjoying herself, in the movie *Two Shades Of Blue*.

Jennifer Connelly

The *Blood Diamond* star appeared in *The Hot Spot* (1990), and she certainly lived up to the title.

She couldn't bear crumbs in the bed

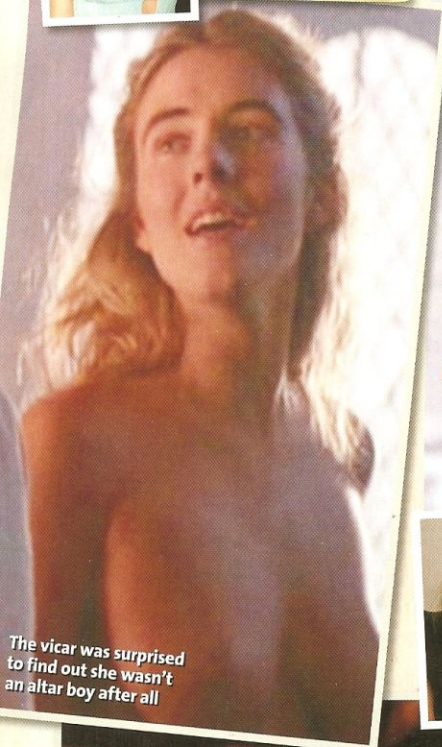

Seeing Prescott in a thong was foul, and yet she couldn't look away

BEFORE THEY WERE FAMOUS

Elizabeth Hurley

Even before her tiny evening dresses came along, Liz was letting it all out in *Aria* 20 years ago.

The vicar was surprised to find out she wasn't an altar boy after all

Lucy Pinder

Discovered on a beach, and her first ever photo shoot took place in the very same location. Pure star quality.

"Stop shining that damn torch in my face!"

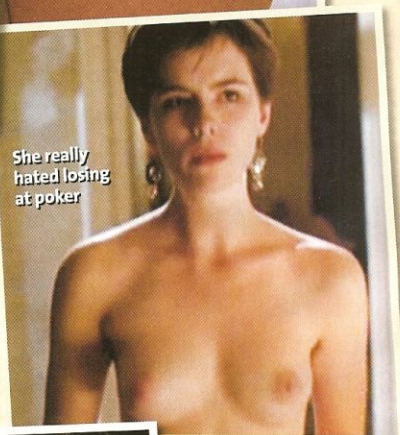

Jennifer Lopez

Her breakthrough role was in the thriller *U Turn* in 1997, where she was more than happy to unleash her pups.

"Me? A glamour model? Never!"

HER FIRST PHOTO SHOOT!

She really hated losing at poker

Kate Beckinsale

This is Brit movie babe Kate in the film *Uncovered* from 1994, which is an apt title if ever there was one.

BEFORE THEY WERE FAMOUS

Keira Knightley

Ms Knightley, you naughty girl! This is Keira in Britflick *The Hole* from 2001, which is not as rude as it sounds.

It was a truly brilliant performance on the parallel bars

Charlize Theron

Oscar-winner Charlize also has award-worthy boobs, as her *Two Days In The Valley* strip from 1996 proves.

Frankie Dettori's photography career was going well

Eva Mendes

We can't get enough of Eva and, after seeing her in *Training Day*, six years ago you won't be able to either.

"When did you last wash these sheets? They're like cardboard!"

"Private Pearson, reporting for duty, sir!"

Kayleigh Pearson

This unpolished diamond soon went on to become the glamour gem that is Kayleigh complete with new boobs.

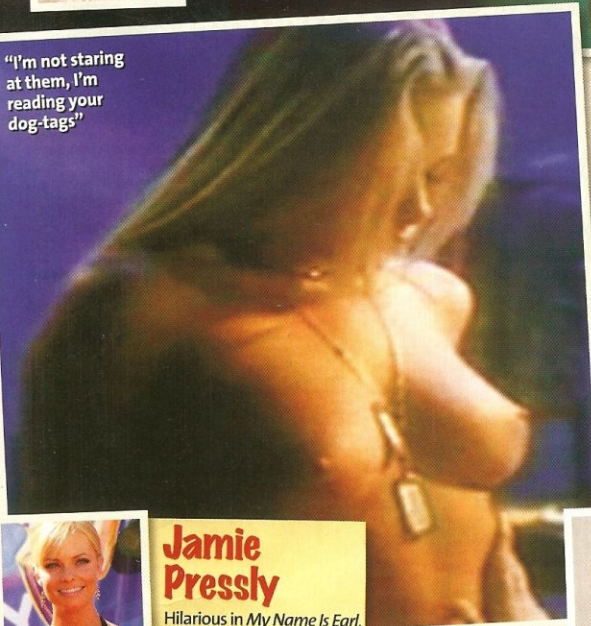

Monica Bellucci

Mamma Mia, as they say in Monica's native Italy! It means "nice breasts". Here she is in *La Riffa* from 1991.

"Mirror, mirror, on the wall... it's me isn't it?"

"I'm not staring at them, I'm reading your dog-tags"

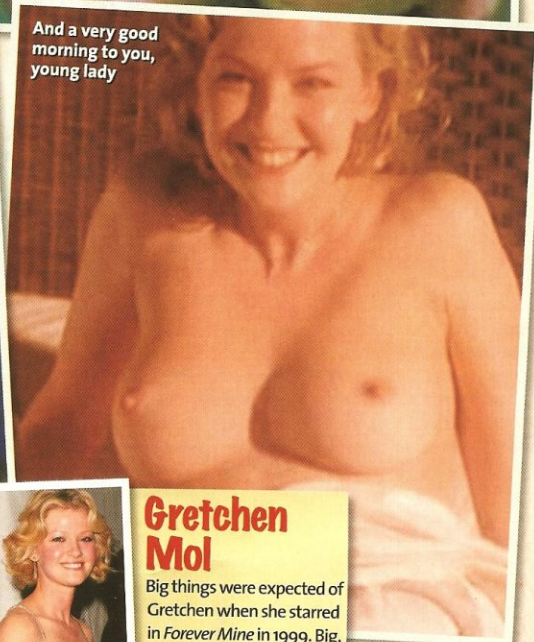

Jamie Pressly

Hilarious in *My Name Is Earl*, and thankfully, very much topless in *Absolution* made ten years ago!

And a very good morning to you, young lady

Gretchen Mol

Big things were expected of Gretchen when she starred in *Forever Mine* in 1999. Big, round things, to be exact.
